

# **PICKING UP YOUR NEW FURNITURE**

McMinn's Furniture offers professional delivery and setup of your new furniture in your home at a very reasonable price. However, if you choose, you are welcome to pick up your purchases to save the delivery charge. The following information will assure that the pick-up process goes smoothly.

1. It is best to give us some advance notice before arriving to pick up your new furniture. Some items require assembly and all need to be inspected. You will minimize any potential wait by arranging a pick-up appointment in advance.
2. Complete any necessary payment steps with your salesperson or the office before picking up your furniture. All items to be picked up must be paid-in-full in advance.
3. Bring ropes, tie downs, blankets and tarps. We do not loan our furniture pads and ties, so please bring what is necessary to secure your furniture with you.
4. Clean the loading area of your vehicle. Having other items in the same loading area you are using for your new furniture makes proper loading difficult and creates the potential for damage.
5. Drive slowly and carefully after your furniture is loaded. Furniture can blow out of a truck or off a trailer due to rough handling or high speeds even if it is properly secured.

OUR WAREHOUSE STAFF WILL BE HAPPY TO ASSIST WITH LOADING AND SECURING YOUR NEW FURNITURE, BUT YOU ARE RESPONSIBLE FOR ASSURING THAT YOUR ITEMS ARE PROPERLY LOADED AND SECURE FOR TRAVEL.

***MCMINN FURNITURE, INC. ASSUMES NO RESPONSIBILITY FOR YOUR FURNITURE ONCE YOU HAVE ACCEPTED IT AND LEFT OUR DOCK.***

Careful transportation and handling will assure your new furniture arrives in good condition.

Thanks for shopping at McMinn's!
